

Jennifer Tryder

Program Director

Jennifer Tryder is a Program Director at IntegrityM, specializing in Medicaid, project management, and corporate compliance. Ms. Tryder is a subject matter expert in healthcare data and corporate compliance.

Ms. Tryder brings 18 years of experience in the implementation and management of healthcare compliance, auditing, and oversight programs, specializing in program integrity and the Centers for Medicare and Medicaid (CMS) regulations for both the consulting and provider industries. Mrs. Tryder has a strong understanding of healthcare data and state and federal regulations including Medicare/Medicaid, HIPAA, ARRA, and HITECH.

Ms. Tryder is a frequent presenter at national conferences on audit and risk-related vulnerabilities based on industry and regulatory mandates.

Ms. Tryder received a Bachelor of Science in Health Information Management from Northeastern University. She holds AHIMA RHIA (Registered Health Information Administrator) and HCCA CHC (Certified in Health Care Compliance) certifications.
